Ashley Sudderth, Trustee

July 26, 2024

Dear Adams Township Residents,

I would like the opportunity to explain the ballot proposal for the Adams Township School District that will be voted on in the August 6 primary election.

The District is requesting an extension of our current millage rate to generate 5.9 million dollars to fund projects that address infrastructure needs (windows at SRES and new roofs at JHS), creation of an Alumni Theater, safer pickup and drop off at SRES, expansion of our Trades and Athletic facilities and classroom furnishings in both buildings.

The ballot is requesting to extend our current millage rate for the next six years, no increase in property taxes. Since the district is in repayment mode of participating in the School Bond Loan Fund, which allows schools to fund various projects, the district felt this would be opportune time to address the various projects previously mentioned. For clarity, over the next six years, the current millage would be reduced without this extension, the district is requesting to keep the millage rate the same.

If you have questions and would like to further discuss either the projects or the millage extension, please reach out.

Sincerely,

Tim Keteri, Superintendent
