We want to address a concerning incident that has come to our attention. Recently, a photo circulated on social media depicting students from South Range Elementary School with toy guns as part of their Halloween costumes. We recognize that this portrayal was inappropriate and did not align with our board policies.

As a district, we understand the negative impact this may have on our community and alumni. Please be assured that we take this matter seriously. We are committed to learning from this experience and making more thoughtful decisions that truly reflect the values of our district.

Thank you for your understanding and support as we strive to uphold a positive image for our community.

Sincerely,

Tim Keteri, Superintendent
